

FISCAL NOTE

HB 2040 - SB 1940

April 1, 2003

SUMMARY OF BILL: Gives authority to the Department of Health Regulatory Boards to impose a requirement to pay actual and reasonable costs when sanctions are imposed upon a licensee.

ESTIMATED FISCAL IMPACT:

Increase State Revenues - Not Significant

Currently 12 professional regulatory boards in the Department of Health do not have this authority. Some additional revenue will be realized by the Department of Health in the short run, but since all boards are required to be self supporting, any additional revenue will offset future expenditures.
